

DAY 2

BAY OF ISLANDS SWORDFISH CLUB – MEDINOVA 47th ANNUAL INTERNATIONAL YELLOWTAIL TOURNAMENT 2016

Photos: Stephen Western Photography

Catch of the day for Day One had to be Australian Junior, Chloe Hammersley's Yellowtail Kingfish which weighed in at 20.95kg (yes that is an Australia flag in the background). Russell School, Whangarei Deep Sea Anglers Club, Whakatane SFC (about b..... time too) and the Tululah Juniors are on the board - early days yet to see some ANZAC rivalry action amongst the juniors.

At the other end of the age spectrum, Titch and Dr Bryan Pratt are proving that the 'Old Guys' can still do it.

Bit of bad luck for St Moritz, after Day one. Huge thanks to Dave Arrell who got up in the wee hours... 4am to get his vessel Silvery Moon to the Wharf on time. We didn't pick a very good day for you weather wise Dave but hope you enjoyed hosting the junior team - we know you have a lot of years' experience hosting juniors. Sounds like St Moritz will back in action for Day Three so you can have a well-earned sleep in tomorrow.

Thought for the day... Beware young skippers on the wharf telling tales of woe regarding weather and broken boats, these things may not come to pass.

I believe a skipper who shall remain nameless came up to the wharf this evening not watching where he was going and ran over the line between mooring buoy and dingy, chopped the line and the dinghy is now at the bottom of the ocean – He must have been thirsty for a beer.

Story has it that a certain Major Tom II managed to catch some kingfish today as opposed to snapper. A certain Ya Get That is still missing a bait.

Housekeeping:

- Apologies to WDSAC Junior Team 'Just Magic'. On last night's points they showed up under seniors rather than juniors. This has now been rectified.
- Last year we rounded (up or down accordingly to accommodate the points system). This was computer generated but there was a bit of debate so this year the points system has been expanded to accommodate the new scales now reading two decimal points rather than one. They cannot be any more exact 😊

Weather looks to be improving so have fun on Day 3 which will hopefully be a lot warmer and less windy.

Tight lines
